	UF27-SI-HC

Subject: Stacking Kit – to stack one 27” undercounter model on top of the other. .

The stacking kit will allow you to stack one 27” undercounter model on top of another. Giving you flexibility to have a freezer in one section and a refrigerator in another. Or two of the same type stacked. You decide!

Your order with container orders or you can purchase from our Oklahoma City parts distributor, email: entreeparts@hagarrs.com or call: 405-235-2184. Please note the Oklahoma Parts distributor will not have stock until sometime in early 2027.

To order, use part number HUC-STK KIT.
