GR-36/ GR-36-T	3
GR-48/ GR-48-T	4

COUNTERTOP COOKING

The Entrée Gas Counter Griddle is available in both Manual or Thermostatic Control.

The efficient 3/4" griddle plate offers the thickness of even heat distribution along with Entrée's "quick on" turning the burners on when the probes sense temperature drop. This gives you important quick temperature recovery when cooking. The result is faster cook times, greater moisture retention, higher product yield — you serve a higher quality, moist product.

It is available in 24", 36" and large 48" widths and covers complete parts and labor 1 year warranty. Units are shipped for natural gas but are easily converted to LP (propane) gas with the LP conversion kit that is included.

All Griddles carry ETL gas and sanitation approvals that pass US gas and sanitation requirements for use in restaurants.

## STANDARD FEATURES

- High Performance and Efficient 30,000 BTU Stainless Steel U style burners provide flame every 6" on the griddle surface
- 3/4" Highly Polished griddle plate providing even heat distribution
- 4" High Backsplash and Sidesplash fully welded to the griddle
- Double wall construction with insulated side panels
